Welcome to A Taste of Indiana!

Whether it's an individual gift for a client, family member or friend, or hundreds of baskets accented with corporate logo items, A Taste of Indiana makes it easy to impress with delicious gifts packed with Hoosier pride- 99% everything in the baskets is made in Indiana. We have helped companies and individuals customize gift boxes and baskets for over 30 years. We are especially proud to have been able to support so many wonderful Indiana companies by using their products in our gift baskets and boxes.

Besides the Indiana-made food products, gift baskets may include unique Indiana-and Indianapolis-related items. We have great novelty items relating to our Indiana sports teams – Professional, Collegiate and the Indianapolis Motor Speedway.

Each year we have many wonderful comments from our customers about how their family member, friend or client enjoyed receiving their gift made in and from Indiana. So many times the recipient is someone who used to live in Indiana or someone moving to Indiana or someone who had hosted an Indiana guest. Our gifts are perfect for your International guest or as a gift to take to your International host.

Many companies use our boxes and baskets as welcome gifts for their convention guests or to welcome a potential employee. We also enjoy working with brides for gifts to welcome their out-of-

town guests. Our gifts can be customized with the price range starting at \$10.00.

We are flexible also! See something in one basket but not another — we'll gladly substitute or add it to your basket. Prices ranges for our gift bags, boxes and baskets can range from \$10 to custom gifts in the \$150–\$500 price range. No order is too small or too large.

Each year we travel the state in search of fine new vendors.
